Education

Stanford University	2023 - Present
Doctor of Philosophy Candidate, Computer Science	
Cornell University	2018 - 2021
GPA: 3.904	
Bachelor's Degree, Computer Science	
Minor, Science & Technology Studies	

Conference Publications

ASPLOS 2023	<i>"Stepwise Debugging for Hardware Accelerators"</i> Griffin Berlstein, Rachit Nigam, Christophe Gyurgyik , and Adrian Sampson Distinguished Artifact Award	
Workshop Public	ations	
WOSET 2021	"A Toolkit for Designing Hardware DSLs"	
Experience	Griffin Berlstein, Rachit Nigam, Christophe Gyurgyik , and Adrian Sampson	

XLA Compiler Team, Google

Focused on compiler support, extensibility, and optimization for the Accelerated Linear Algebra (XLA) Tensor Processing Unit (TPU) compiler. Achieved x% improvements to end-to-end weighted latency of large language models through compiler optimizations. Acquired C++ readability within 2 months. Authored over 200,000 lines of code and reviewed over 200,000 lines of code. Received one spot bonus and two peer bonuses.

Undergraduate Research Assistant, Cornell University

Part of the Computer Architecture & Programming Abstractions (CAPRA) group, led by Adrian Sampson. Under the supervision of Rachit Nigam, worked on Calyx, a compiler infrastructure for languages that target hardware accelerators. Achievements include shepherding the Calyx dialect into CIRCT and introducing multiple frontends used to guide language design and provide useful benchmarks.

Software Engineering Intern, Google

Primarily entailed simplifying the storage of ad events from two separate stores to one using a new, generic remote procedure call service. Received two peer bonuses.

Engineering Practicum, Google

The primary goal of this internship was to optimize the core database implementation of Sawmill Logs, an exabyte-scale data lake that supports internal Google analytics. Achieved improvement in the compression ratio by 10-15% for certain log storage types with minimal performance reduction.

2020 - 2021

2021 - 2023

2019

2020

Teaching Assistant, CS2110 OOP and Data Structures, Cornell University2019Facilitated weekly recitations for 40 students and held office hours to assist students in the course.2019

United States Marine Corps, Department of Defense 2013 - 2017 Served honorably in both leadership and instructor roles. Promoted 4 times in 4 years, and then obtained the rank of

Served honorably in both leadership and instructor roles. Promoted 4 times in 4 years, and then obtained the rank of Staff Sergeant (E6) during the first promotion cycle after the end of active duty service. Received numerous awards for leadership and academic excellence.
